# FULL PLANNING

Yay, you are getting married! That's really exciting...but it might also be a little daunting.

Using my Full Planning Service means that you can focus on keeping your head when other couples may be losing theirs. I will create a proposal to start things going then once you have booked with me I will help you with such things as finding a great venue and caterer to organising cake tasting sessions. I will keep you fully up-dated about how everything is progressing. We will work as team and you will feel fully supported as well as having a wing woman to guide and support you.

My fee for this service will be quoted after our initial consultation once I know a bit more about your ideas, your requirements and the type of wedding you are having. This service will generally range between 15 - 20% of your budget.

# ON THE DAY CO-ORDINATION

The first time your guests see you, you should both look calm and gorgeous, not stressed and sweaty. You should be able to have your bubbles in the morning without worrying about if all the guests are running wild or whether the cake arrived.

On the Day Coordination does not just mean that I turn up on the day - No! Its a hand over a few weeks before when I take charge of the brilliant planning you have already done and finish it all off. That means working with your suppliers to organise table plans, dietary requirements, logistics, timings and loads more!

I'll be there on your wedding day to make sure everything runs to plan: that your caterers know what they are doing, that the band is set up and being your go-to girl all day.

Handing over the co-ordination on the day will mean that you can both relax and enjoy your time with friends and family.

My fee for this service will be agreed after our free consultation and dependant on your needs on the day. Normally this begins at £1500.

# DESIGN & STYLING

Do you feel lost when it comes to visualising your wedding? Have you got some ideas but have no idea where to go from there? Maybe you feel that you aren't creative and need some guidance?

I will create a design for the whole event.  
On the day, I will set up and style the venue.

My fee for this service will be quoted after our initial consultation but will start from £1,900. This is dependent on the level of service you require and what type of event you will be having.

# ABOUT ME

Hi, I'm Sally.

I love weddings. They are brilliant things: the happy tears, the embarrassing speeches, the food, the booze, the dancing...

This is no ordinary day and I will make sure your wedding is the most amazing of them all, filled with laughter, surprises and, most importantly, totally YOU.

Whether you want someone to help you plan your day, make your venue look and feel fantastic, be your wing-woman for the day or simply hire props, I'm probably the girls for you.

Some things you should know:  
I love dogs, donkeys and puffins  
I do a mean impression of a dove  
I love Matt Berry and Anchorman
