ABOUT ME

I love weddings, I mean, who doesn't? They are brilliant things: the happy tears, the embarrassing speeches, the food, the booze, the chance to dance like your parents without any shame...this is no ordinary day and I will make sure your wedding is the most amazing of them all, filled with laughter, amazing surprises, and totally YOU.

I love working with couples who want a day which challenges the traditional and is full of fun and partying. Want a glitterball over your top table? Hell yeah. Want a brass band playing 80's bangers? Why not? If this sounds like a bit of you, then I'm the girl for you!

MY GOAL

To give you THE BEST day.

Fun
Personal
Quirky
Design-led

... and without an organza bow in sight.

BESPOKE

No wedding is the same, and that is why you will get a service which is totally bespoke to you.

Take a look at my standard packages but do shout if there are bespoke elements you need and we can build a package which suits you.

Unique. Contemporary. Thoughtful and Fun.

PLANNING 1

FULL PLANNING

Yay, you are getting married! That's really exciting...but it might also be a little daunting.

Using my Full Planning Service means that you can focus on keeping your head when other couples may be losing theirs. I will create a detailed proposal on how I can help you with such things as finding a great venue and caterer to organising cake tasting sessions. Once you have booked with me, I will keep you fully up-to-date about how everything is progressing. We will work as team and you will feel fully supported as well as having a good laugh along the way.

My fee for this service will be quoted after our initial consultation once I know a bit more about your ideas, your requirements and the type of wedding you are having. This service will range between 15 - 20% of your budget.

PLANNING 2

ON THE DAY CO-ORDINATION

The first time your guests see you, you should both look calm and gorgeous, not stressed and sweaty. You should be able to have your bubbles in the morning without worrying about if all the guests are running wild or whether the cake arrived.

On the Day Coordination does not just mean that I turn up on the day - No! Its a hand over a few weeks before when I take charge of the brilliant planning you have already done and finish it all off. That means working with your suppliers to organise table plans, dietary requirements, logistics, timings and loads more!

I'll be there on your wedding day to make sure everything runs to plan: that your caterers know what they are doing, that the band is set up and being your go-to girl all day.

Handing over the co-ordination on the day will mean that you can both relax and enjoy your time with friends and family.

My fee for this service will be agreed after our free consultation and dependant on your needs on the day. Normally this begins at £1300.

THE LOOK

DESIGN & STYLING

Do you feel lost when it comes to visualising your wedding? Have you got some ideas but have no idea where to go from there?

I will create a design for the whole event. On the day, I will set up and style the venue.

My fee for this service will be quoted after our initial consultation but will start from £1,800. This is dependent on the level of service you require.

PROPS AND FURNITURE HIRE

I have a wide range of props and furniture to style your day and make it unique and stylish. Pieces can be hired individually or as styled packages to suit the needs of your event. There are three packages:
